## Conditions for the Use of Free Space Optical Communications System (FSOCS)

Any person intends to use a Free Space Optical Communication System (FSOCS) shall declare complying with the following conditions:

- The user of the (FSOCS) shall get the required permission from TRA (if any) before using the system and shall comply with the Telecom Regulatory Act, and the rules and regulations issued by the TRA in this regard.
- The use of the equipment shall be in compliance with the following international safety standards issued by the International Electrotechnical Commission:
  - IEC 60825-1, Part 1: Equipment classification requirements.
  - IEC 60825-12, Part 12: Safety of free space optical communication systems used for transmission of information.
- The installation of the (FSOCS) shall be done by a certified company by TRA for installing (FSOCS).
- The user of the (FSOCS) shall guarantee not to cause interference with any other communication systems.
- The (FSOCS) shall be for the user's own use and shall not be connected to a public network.
- The user of the (FSOCS) shall get the required approval from the TRA prior to any upgrade on the (FSOCS) system or any change in the location.
- The user of the (FSOCS) shall sign this declaration and submit it to TRA along with a covering letter before the installation and use of the (FSOCS).
